ABOUT THE ARC OF DELAWARE

The Arc of Delaware advocates for the rights and full participation of all adults and children with intellectual and developmental disabilities. Together with our members, our partners throughout Delaware, and with The Arc of the United States, we improve systems of supports and services; connect families; inspire communities and influence public policy.

The primary goal of The Arc of Delaware is to support the estimated 25,000 people with intellectual and developmental disabilities and their families residing in the state. We do this through systems advocacy and one-on-one help with finding jobs, homes, recreation, and education. We also provide crisis intervention, offer training programs to parents, support self-advocacy, and serve as an information and referral resource throughout the state.

The Arc of Delaware is a registered 501(c)(3) charity. Financial support comes from our membership, corporate donations, individual contributions and bequests. Specific programs may be supported by grants, and we participate in donor-choice giving as a full-member agency of United Way of Delaware, the Delaware State Employees Charitable Campaign, and the Combined Federal Campaign.

Proceeds from the 17th Annual Golf Tournament benefit Delawareans with intellectual and developmental disabilities. For more information or to find out how you can help The Arc of Delaware, visit our web site at www.thearcofdelaware.org.
