ABOUT THE ARC OF DELAWARE

Our mission is to improve and enhance the quality of life for individuals with intellectual and developmental disabilities and their families. We do this through programs and advocacy.

ADVOCACY

We are an affiliate of The Arc of the United States, the nation's most successful organization in advocating for the rights, needed services, funding and public policies that serve people with intellectual and developmental disabilities. For 60 years, The Arc of Delaware has championed civil rights in housing, education, employment, healthcare, accessibility and other areas to benefit over 30,000 Delawareans with intellectual and developmental disabilities and their families.

HOUSING

We own and maintain 81 community group homes in all 3 counties, serving over 320 people with intellectual and developmental disabilities. We also offer assistance through our Housing Options program to many more individuals who wish to live in a home that they own or rent.

EMPLOYMENT

We provide highly individualized services to over 150 people with intellectual and developmental disabilities to help them identify, pursue and maintain community-based jobs best suited to their goals, skills and abilities.

OUTREACH

We assist hundreds of individuals with intellectual and developmental disabilities and their families each year to find and access the resources, services and supports they need for healthy, successful and fully integrated lives in the community.
